

320 Hammer Oil

(IDP-479)

lubricant

Description IDP-479 is a premium quality 320 viscosity hammer oil. Derived from a vegetable oil base, IDP-479 is readily biodegradable and environmentally friendly.

Applications/Functions

- Effective air line lubricant
- Excellent extreme pressure lubricant providing protection for all moving parts

Advantages

- Imparts extreme pressure lubrication to all moving parts
- Readily biodegradable
- Highly active concentration requires lower dosage rates
- Maintains viscosity at elevated temperatures
- Excellent adherence to metal surfaces

Typical Properties

- Appearance Amber liquid
- Specific Gravity ~0.90

Recommended Treatment

Dosage Rate	
Quarts/hour	Litres/hour
1 - 4	1.5 – 5.5

Packaging IDP-479 (320 Hammer Oil) is packaged in 25 L plastic drums, 205 L plastic drums, and 1000 L plastic bulk containers.

Availability IDP-479 can be purchased through any Baroid Industrial Drilling Products Distributor. To locate the Baroid IDP distributor nearest you contact the Customer Service on 08 9455 8345 or your area IDP Technical Service Representative.
